

137 East Main St.  
Pahokee, FL 33476  
561-924-2559

March 14, 2019

Via e-mail:

A safety audit was conducted the following items were noted:

- Hardhats must be worn when overhead hazards exist. **1926.100**

- Scaffolding needs to be Red Tagged. It is missing fall protection, proper planking, toe boards and proper access. **1926.451-453**

- Scissor lift safety chain not in place.

- Guards must be maintained on all equipment with moving parts. 1926.600

- Workers are not wearing a hard hat. Hardhat PPE must be enforced. 1926.28, 1926.100

- **No SDS on site.** All employers with hazardous chemicals in their workplaces must have labels and safety data sheets for their exposed workers, and train them to handle the chemicals appropriately. Unable to locate. **1910.1200**

- Plastic gas cans are not acceptable to carry flammable liquids on a construction site. Metal safety cans with a working flash cap and spark suppressor must be used. **1926.152**

- **First Aid kits in place.**

- **OSHA 300A not posted. Remember to post OSHA 300A forms from February 1<sup>st</sup> thru April 30<sup>th</sup>.**

Comments: Housekeeping in good shape. **Safety meetings need to be held and documented**
